The hour appointment you have scheduled is your time to focus on you. LMV Counseling, PLLC does not double book appointments in order to provide you with the highest quality of individualized service.

Fee for a missed appointment or late cancelled appointments will be the full amount for the service scheduled. If you need to cancel your appointment, you must call 24 hours ahead of your scheduled appointment. Insurance companies do not pay for missed appointments. This fee will be waived in the case of serious illness, emergency, or hospitalization with documentation.

If you are over 20 minutes late for your appointment that appointment will be rescheduled and you will be charged for the late cancellation.

My signature below indicates that I have read and understand the above information, had sufficient time to consider it carefully, and asked any questions that I needed.
